

Online Scoring of Strengths and Difficulties **Questionnaires**

1. Go to www.sdqscore.org
2. Click *continue* box
3. You can add information for the young person to identify them by clicking *Add or edit identifiers such as age, gender or ID number (all optional)* on the initial page. Click *save and continue* to return to the initial page. An ID should now show in the top left hand corner
4. Click *enter data from a parent or other carer*
4. If it is the child's first SDQ, click on *Double-sided SDQ with 25 core questions and impact supplement; Standard version 4-17*

If it is a follow-up SDQ, click on *Follow-up SDQ with 25 core questions and impact supplement including follow-up items; Standard version 4-17*
5. Complete the pages with the information from the SDQ provided by the foster care. Click *save and continue* until you are returned to the initial page
6. Click *View, print or save report*
7. There will be a report where you will have the option of *Print or save PDF report*
8. You can then click *Clear data and score someone else* if you would like to complete another or *Return to the main menu for this individual*
