

Can You Trust the Children's Rights Advocate?

*I can help to sort out things you are unhappy,
worried or angry about.*

*I promise I will work for you & no one else.
You need to know if you can trust me.*

*Anything we talk about will be between you and your
Advocate. This means that nothing will be repeated,
unless you say it is OK.*

*The only time I cannot keep things private is, if you
told me that you or someone else was in great
danger of being hurt.*

*Then I would have to tell someone. But I would
always tell you first, so we can work out who to tell
together.*
